Pricing without VAT , VAT 21% is to be added if the service is for EU territory

Other conditions: Rechargeable and additive means that recharging the SIM card will add the purchased minutes and extend the existing expiration date for the additional validity period, up to a maximum of 24 months.

The United States government prohibits Iridium satellite and its subsidiaries from offering equipment and Iridium service in Cuba, Iran, North Korea, Libya, or Sudan.

There is a small percentage of instances where the geographical restriction may be extended or retracted from the regions listed above. Therefore, the system may interpret that calls originate outside of the designated region and will not be able to make calls. The availability of the service is not guaranteed in these instances.

The first minute is fully charged, then in 20-second intervals. Prices and conditions are subject to change.

Algeria, Angola, Bahrain, Benin, Botswana, Burkina Faso, Burundi, Cameroon, Cape Verde, Central African Republic, Chad, Comoros, Congo, Cote d'Ivoire (Ivory Coast), Cyprus, Djibouti, Egypt, Equatorial Guinea, Eritrea, Ethiopia, Gabon, Gambia, Ghana, Glorioso Islands, Guinea, Guinea-Bissau, Iran, Iraq, Israel, Jordan, Juan De Nova, Island, Kenya, Kuwait, Lebanon, Lesotho, Liberia, Libya, Madagascar, Malawi, Mali, Mauritania, Mauritius, Mayotte, Morocco, Mozambique, Namibia, Niger, Nigeria, Oman, Qatar, Reunion, Rwanda, Sao Tome and Principe, Saudi Arabia, Senegal, Seychelles, Sierra Leone, Somalia, South Africa (inc. Price Edwards Island), Sudan, Swaziland, Syria, Tanzania, Togo, Tunisia, Turkey, Uganda, United Arab Emirates, Yemen, Zambia, Zimbabwe, la couverture arriver vers la limite de 12 mille nautiques dans les eaux côtières

Other conditions: Prepaid SIM cards can only be recharged with a voucher that has the same basic provisioning package as the original activation/voucher.

"Non-rechargeable" and non-additive means that when recharging the SIM card, the purchased minutes will not be added, and the validity will be extended from the day of the recharge (not the existing expiration date), and any existing minutes will be lost.

The United States government prohibits Iridium Satellite and its subsidiaries from offering Iridium equipment and services to Cuba, Iran, North Korea, Libya, or Sudan. There is a small percentage of cases where the geographical restriction may expand or contract from the regions listed above. Therefore, the system may interpret that calls originate from outside the designated region and will not be able to make calls. Availability of the service is not guaranteed in these cases. The first minute is fully charged, then in 20-second intervals.

Prices and conditions are subject to change.
Consult Verasat for information on VAT.

Terms and conditions 2023

1) Prepaid SIM cards can only be recharged with a voucher that has the same basic provisioning package as the original activation or voucher. In other words, a SIM card activated with the Northern Lights Prepaid Plan cannot be recharged with a Global coupon without a complete SIM deactivation/reactivation.

(b) **Prepaid units that have been transferred for more than three years will expire daily from prepaid account balances.** For any customer who has purchased a 3k/5k electronic voucher, a four-year expiration period will apply to the units.

(d) Prepaid vouchers can be either (a) rechargeable and cumulative, (b) rechargeable and non-cumulative, or (c) non-rechargeable.

- "Rechargeable and cumulative" means that when recharging the SIM card, purchased minutes will be added, and the existing expiration date will be extended for an additional validity period, up to a maximum of 24 months.

- "Rechargeable and non-cumulative" means that when recharging the SIM card, purchased minutes will be added, but the validity will be extended from the recharge date (not from the existing expiration date). Before January 1, 2023, both Latin America and Northern Lights vouchers are **rechargeable and non-cumulative**.

- "Non-rechargeable" means that when recharging the SIM card, all existing minutes will be lost, and the validity period will be reset.

3) North America is defined as Canada and the United States (USA). The Caribbean Islands are not included in the definition of North America.

4) US government regulations prohibit Iridium Satellite and/or its affiliates from offering equipment or providing Iridium service in Cuba, Iran, North Korea, Libya, or Sudan, or to any entity identified on the "Specially Designated Nationals and Blocked Persons List" maintained by the US Department of the Treasury's Office of Foreign Assets Control

5) There is a small percentage of cases in which the geographical restriction may expand or contract with respect to the regions mentioned above. Therefore, calls may be interpreted by the system as originating outside the designated region and will be restricted from making calls. Service availability is not guaranteed in these cases.

6) Since 100-minute vouchers do not have an expiration date, 100-minute vouchers used in the initial activation will require the addition of a 30-day voucher at the same time, and will be charged accordingly.

7) Iridium GO! prepaid rates are only available for Iridium GO! terminals. Use in a standard Iridium device will revert to standard prepaid rates. Available only for new prepaid accounts. Existing balances cannot be transferred.

Terms and conditions 2023

8) Iridium GO! vouchers reflect the number of prepaid minutes for GO! Voice / GO! Data when used from an Iridium GO! terminal. For clarity, the 200/400-minute GO! voucher reflects 200 minutes of GO! Voice time or 400 minutes of GO! Data time specific to the Iridium GO! access number from an Iridium GO! terminal. Calls to other Iridium data destinations will be charged at standard data rates.

9) There is a grace period of **270 days** to recharge an additional voucher and avoid deactivation after the expiration date.

10) The Iridium GO! Text and Call voucher offers 3,000 SMS and a validity period of 6 months. It is intended for use only with an Iridium GO! terminal. Using the plan from a terminal other than an Iridium GO! terminal will be considered a violation of the Fair Use Policy.

(a) Rechargeable and cumulative means that when recharging the SIM card, purchased minutes will be added, and the existing expiration date will be extended for an additional validity period, up to a maximum of 24 months.

Countries in the Latin America Zone:

Argentina, Belize, Bolivia, Brazil, Chile, Colombia, Costa Rica, Ecuador, El Salvador, Guatemala, Guyana, Honduras, Mexico, Nicaragua, Panama, Paraguay, Peru, Suriname, Uruguay, Venezuela, plus up to 12 nautical miles in coastal waters. Caribbean countries, including but not limited to the Dominican Republic, Cuba, Haiti, and Jamaica, are excluded from this (see the map below).

Africa - Middle East:

Algeria, Angola, Bahrain, Benin, Botswana, Burkina Faso, Burundi, Cameroon, Cape Verde, Central African Republic, Chad, Comoros, Congo, Ivory Coast, Cyprus, Djibouti, Egypt, Equatorial Guinea, Eritrea, Ethiopia, Gabon, Gambia, Ghana, Glorios Islands, Guinea, Guinea-Bissau, Iran, Iraq, Israel, Juan De Nova Island, Kenya, Kuwait, Lebanon, Lesotho, Liberia, Libya, Madagascar, Malawi, Mali, Mauritania, Mauritius, Mayotte, Morocco, Mozambique, Namibia, Niger, Nigeria, Oman, Qatar, Reunion, Rwanda, Sao Tome and Principe, Saudi Arabia, Senegal, Seychelles, Sierra Leone, Somalia, South Africa (including Price Edwards Island), Sudan, Swaziland, Syria, Tanzania, Togo, Tunisia, Turkey, Uganda, United Arab Emirates, Yemen, Zambia, Zimbabwe, plus 12 nautical miles in coastal waters.

IRIDIUM PREPAID SERVICES CONDITIONS 2023

- Each SIM card and recharge has its validity period, and the service expires on the date indicated on the bill/service record.
- Iridium provides a 270-day grace period for recharging the Iridium card before total deactivation. When the expiration period is reached, any remaining credit is lost, and it is advised to recharge before the expiration date. It is recommended to plan for at least 5 days for administrative processes when recharging.
- After 270 days following the service's expiration date, the card is deactivated. The card can be reactivated by paying a penalty of 270 euros. The remaining balance will be announced at the beginning of each call and is available by dialing 2888 or sending an SMS to 2888. Voice traffic bills are in increments of 20 seconds minimum.
- Prepaid subscribers will be given the total number of units that can expire if not used within the next six months when calling or sending an SMS to 2888 from their Iridium phone.
- MENA prepaid cards only allow outgoing calls within the MENA region. Incoming calls from around the world may still be received. MENA prepaid vouchers are non-rechargeable. Calls from within the MENA region are billed at 60 units per minute.
- Iridium GO! prepaid rates are only available on Iridium GO! terminals. Use on a standard Iridium handheld device will revert to standard prepaid rates. Iridium Direct Internet GO! Specific Iridium GO! Call-type rates only apply to the access number.
- Seasonal prepaid vouchers work worldwide and are non-rechargeable. Calls to PSTN (voice and data) are billed at 60 units.
- Standard prepaid cards work worldwide and are rechargeable. Calls to PSTN (voice and data) are billed at 60 units per minute. Refer to "Iridium Prepaid Details" for all the details and terms and conditions.
- **Prepaid units that have been transferred for more than three years will expire daily from prepaid account balances. For any customer who has purchased a 3k/5k electronic voucher, a four-year expiration period will apply to the units.**
- Latin America cards only work within Latin America (up to 12 nautical miles from the coast). The expiration date is set at 6 months from the activation or recharge date. Calls to PSTN (voice and data) are billed at 60 units per minute. Refer to "Iridium Prepaid Details" for all the details and terms and conditions.
- Refer to "Iridium Prepaid Details" for complete details and terms and conditions.

IRIDIUM PREPAID SERVICES CONDITIONS 2023

Standard prepaid cards work worldwide and are rechargeable. Calls to PSTN (voice and data) are billed at 60 units per minute. Refer to "Iridium Prepaid Details" for all the details and terms and conditions.

Prepaid units that have been transferred for more than three years will expire daily from prepaid account balances. For any customer who has purchased a 3k/5k electronic voucher, a four-year expiration period will apply to the units.

Latin America cards only work within Latin America (up to 12 nautical miles from the coast). The expiration date is set at 6 months from the activation or recharge date. Calls to PSTN (voice and data) are billed at 60 units per minute. Refer to "Iridium Prepaid Details" for all the details and terms and conditions.

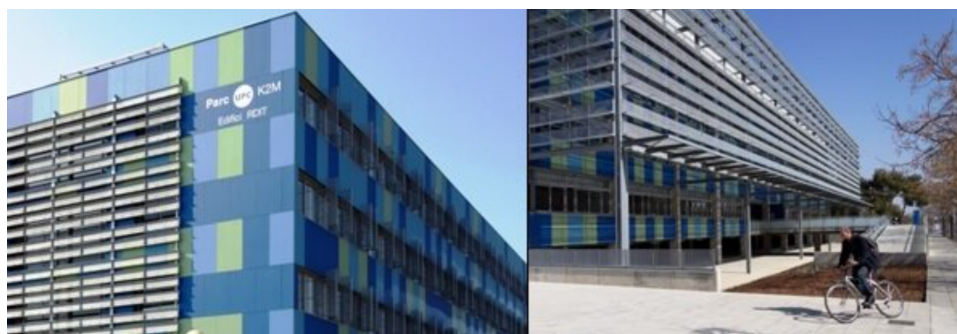

All prepaid SIM cards have a grace period of 270 days from the date the card expired or the date the card is activated where it can be recharged. Iridium prepaid SIM cards are automatically deactivated after the 270-day grace period has ended.

Africa cards only work within Africa. The expiration date is set at 12 months from the activation or recharge date. Calls to PSTN are billed at 24 units per minute. Refer to "Iridium Prepaid Details" for complete details and terms and conditions.
